

EM600 - Armature Plate Housing

(The New Idea Of Armature Plate Installation)

Features

- + More easy, fast and accurate fixing work instead of drilling a big hole ($\varnothing 13.0\text{mm}$) through the door for the traditional Sex Bolt and Nut.
- + More improved vandal-resistant purpose as the armature plate fixing is invisible from the other side of door.
- + More applicable to various size of doors.
- + More solid outlook and nice presentation.
